

# Plenary Session

Dr. Jack F. Cote, *Presiding*

*Dr. Jack Cote, Dr. Davis, and Father Ronald Cote.*

*Dr. David Bechtol, President*

## Invocation: Father Ronald Cote

HEAVENLY FATHER, creator of the heavens and the earth, maker of all things great and small, we humbly ask your help.

Send your blessing on all those present at this convention. They have need of your assistance in order to serve the common good in their chosen profession. Help them to use their gifts, their skills and their education for the care and development of your creation. May their efforts be directed ultimately for the greater good of the whole human family, your sons and daughters, made in your image and likeness.

Inspire and enlighten them so that they may not only be leaders in their communities, but that they may also be actively concerned for the life, the health and the welfare of our destitute brothers and sisters who live on the outskirts of this, our global village.

Help them, Father, to follow the unselfish ideals of those who have gone before them, especially those founding members of this association who have been called to give an account of their stewardship.

These graces we ask through your Son, Jesus Christ, and our Lord and brother.

## Greetings

*Dr. Bechtol congratulated our Canadian colleagues on their magnificent organization and welcomed the record attendance to the meeting.*

*The men who made things tick.*
