Implementation of a Feedlot Medicine Program G. K. Jim and D. T. Gulchon	38
The Need for Organized Health Management Programs: A Cattleman's Perspective Ed Thiessen	40
Implementation of Production Medicine in Cow-Calf Operations Donald Hansen	43

## GENERAL SESSION III

Advances in Viral Vaccine Technology L. A. Babiuk	46
Bovine Pneumonic Pasteurellosis: A Biotechnological Approach to Control B. N. Wilkie and P. E. Shewen	52
The Computerized Veterinary Practice Reilly Glore	56

## DAIRY SPLIT SESSION I

Practical Field Trials within a Private Practice Ian R. Dohoo	66
Practical Forage Evaluation: Laboratory and Barnyard L. E. Chase	70
Practical Water Evaluation for Dairy Cattle Jack Rodenburg	72
Practical Colostrum Evaluation Sheila M. McGuirk	79

## BEEF: COW-CALF SPLIT SESSION I

Preconditioning Programs in Canada Terry L. Church	83
---	----

Preconditioning Programs in the U.S. Duane Miksch	86
Assessing the Value of Preconditioning to Feedlots G. K. Jim and P. T. Gulchon	90
Limit Fed Creep Feeds for Nursing Calves Keith S. Lusby	92
Investigation of a Congenital Defect Problem in Cow-Calf Herds Carl S. Ribble and Eugene D. Janzen	96

## BEEF: FEEDLOT SESSION I

Emerging Role of <i>Haemophilus somnus</i> in Previously Unreported Manifestations in Western Canada S. C. Groom	101
The Role of Bovine Respiratory Syncytial Virus in "Garden Variety Shipping Fever" Bill Bennett	104
The Controversy Surrounding the Role of the Bovine Virus Diarrhea Virus (B.V.D.V.) in the Pathogenesis of Pneumonic Pasteurellosis in Cattle Otto M. Radostits and Hugh G. Townsend	111

## DAIRY SPLIT SESSION II

Tear Dips and the Practitioner J. Woodrow Pankey	115
Selenium and Mammary Resistances to Infectious Disease R. J. Erskine, R. J. Eberhart, P. J. Grasso and R. W. Scholz	119
Environmental Mastitis: An Everyday Affair K. Larry Smith, J. S. Hogan, D. A. Todhunter and P. S. Schoenberger	122

## BEEF: COW-CALF SPLIT SESSION II

Benchmark: A Beef Cow-Calf Production and Health Monitoring System S. Wayne Martin, John J. McDermott, David M. Alves and Neil G. Anderson	127
Health and Productivity of Beef Breeding Herds in Southern Ontario John J. McDermott, David M. Alves, Neil G. Anderson and S. Wayne Martin	131
Health, Productivity, and Management of Calves in Ontario Beef Cow-Calf Herds David M. Alves, John J. McDermott, Neil G. Anderson and S. Wayne Martin	135
The 1986-1987 Performance of Replacement Beef Heifers in 76 Ontario Cow-Calf Herds Neil G. Anderson, John J. McDermott, David M. Alves and S. Wayne Martin	139
Therapeutic Approach to the Diarrheic Calf J. M. Naylor	143

**BEEF: FEEDLOT SESSION II**

The Pathology of Treatment Failure  
 Brian Wilcock .....146

Ancillary (Nonantimicrobial) Therapy in the  
 Treatment of Bovine Respiratory Disease  
 James E. Breazile .....148

Measuring the Therapeutic Efficacy of Antibiotics:  
 A Method for Practitioners  
 Ian R. Dohoo .....160

Residue Avoidance in Beef  
 James D. MacNeil .....164

**DAIRY/COW-CALF/FEEDLOT SPLIT SESSION III**

Paid by the Procedure:  
 A Professional Approach to Veterinary Fees  
 D. C. Hagerman .....167

Getting Paid by the Head  
 P. T. Guichon .....172

The Veticare System  
 Pierre Labrosse .....174

Paid by the Hour  
 David A. Reid .....180

Getting Paid by Contract for  
 Dairy Production Services  
 A. J. Nelson .....181

Practice Equalizer: Paid by Commission  
 Andrew P. Johnson .....184

**PRACTICE TIPS**

What Is Your Diagnosis?  
 Lynn Sammons .....185

Use of Plastic Roof Cement  
 to Identify Worked Cattle  
 David I. Byers .....185

Using Serum Total CO<sub>2</sub> or Bicarbonate Values  
 to Individualize Fluid Therapy  
 Bradford P. Smith .....186

Practical Approach to Colostomy in the Calf  
 Roy Lewis .....187

Practical Management of Bovine Leucosis  
 Dwayne Elaschuk .....187

**RESEARCH SUMMARIES**

Daily Income Over Feed Cost Value of an  
 Open Day for Holstein Cows  
 James G. Thorne, William J. Goodger, H. Fred  
 Troutt, Thomas A. Farver and Jamon L. Scott . . . .189
