

TABLE OF CONTENTS

GENERAL SESSION I

Summary of Activities of the FDA/CVM Advisory Committee 1984-1988 Glen F. Hoffsis	3
Organized Veterinary Medicine Representing the Interest of the Bovine Practitioner Arnold F. Hentschl	6

GENERAL SESSION II

Ocular Surgery for Squamous Cell Carcinoma Bruce L. Hull	9
Surgery for the Urine Pooling Cow Bruce L. Hull	12
Surgery for Urolithiasis Bruce L. Hull	14

GENERAL SESSION III

Tracheal Collapse and Stenosis of Calves K. Kersting and J. Thompson	18
Hepatic Lipidosis: Mechanism, Diagnostics, and Treatments D. Michael Rings	19
Acute Respiratory Distress in Cattle K. Kersting and J. Thompson	25
Diseases of the Bovine Central Nervous System Karl Kersting	28
Indications, Landmarks, and Procedures for Collection of Spinal Fluid, Liver Biopsy, Transtracheal Aspiration Biopsy and Abdominal Paracentesis D. Michael Rings	33
Pharyngeal Lacerations and Retropharyngeal Abscesses in Cattle D. Michael Rings	35

RESIDUE AVOIDANCE SYMPOSIUM

Beef Quality Assurance Dee Griffin	37
---	----

COW/CALF SESSION I

Idaho Makes Trichomoniasis a reportable/regulatory disease: Clinical features of <i>Trichomonas fetus</i> infection in the Cow Dan P. Barrett	39
California Studies on Diagnostic Procedures, Female Immune Responses and Epidemiology of Bovine Trichomoniasis R. H. BonDurant	43
Trichomoniasis: Pathogenesis, Epidemiology and Economic Aspects R. G. Mortimer, J. M. Cheney and D. L. Morris . . .	45

COW/CALF SESSION II

Germplasm Utilization In Beef Cattle K. E. Gregory, L. V. Cundiff and R. M. Koch	47
Growth and Carcass Characteristics of Diverse Breeds of Cattle used for Beef Production Larry V. Cundiff, Keith E. Gregory and Robert M. Koch	56
Reproduction and Maternal Characteristics of Diverse Breeds of Cattle used for Beef Production Larry V. Cundiff, Keith E. Gregory and Robert M. Koch	64

COW/CALF SESSION III

Experience with an Established and on-going IRM Program in the Midwest Don Hudson	73
Direct Returns from IRM Implementation in Beef Practice Jack Walker	77
Integrated Resource Management: Opportunities for the Veterinary Practitioner Kurt Wohlgenuth	79

DAIRY SESSION I

Nutritional Aspects of Bovine Somatotropin (BST) Michael F. Hutjens	81
Udder Health and BST: Is there a Need for Concern? Philip M. Sears	86
Health Programs for Productivity Using Bovine Somatotropin (BST) L. D. Weaver	88
Consumer and Milk Marketing Concerns Because of BST Produced Milk Barbara Keating	92

DAIRY SESSION II

Dairy Production Medicine and Herd Monitoring John Fetrow	95
Solving the Number One Cause of Poor Reproductive Performance Howard W. Redlus and Arden J. Nelson	112

DAIRY SESSION III

Remodeling Existing Facilities: Changes for the Better William G. Bickert	127
Adapting Bovine Behavior to Improve Performance Temple Grandin	133
Dairy Herd Facilities Designed for Efficient Production Dennis V. Armstrong	140

FEEDLOT SESSION I

Stress, Disease and Vitamin E. Requirements
 Cheryl F. Nockels143

Immunomodulation in Bovine Respiratory Disease
 James A. Roth150

Applied Trace Element Nutrition
 in the Bovine Animal
 Robert T. Coffey153

FEEDLOT SESSION II

Economic and Production Considerations of
 Common Feedlot Procedures
 Louis Perino170

Anthelmintic Usage in Feedlot Cattle:
 To Worm or Not To Worm
 John M. Cheney172

FEEDLOT SESSION III

Necropsy Procedure for Cattle
 Alvin J. Edwards176

Nutritional and Management Considerations
 Associated with Pen Deaths

Keith R. Hansen183

PRACTICE TIPS

Catless Cat Carriers and the AABP
 Charlie Gardner192

Overturning Turnover . . . What Can Your Practice
 do to Attract and Retain Graduate Veterinarians?
 Terry De Groff192

The Five Minute Attitude Adjustment Hour
 Al Lippart193

Dehorning: No Hole Bared
 David Frueh194

Monthly Herd Report Card:
 Rx and Extra Label Forms
 John Ferry194
