

TABLE OF CONTENTS

GENERAL SESSION I

Microbiology and Physiology of the Rumen and Its Response to Different Feeding Strategies Jane A. Z. Leedle	3
Balancing Carbohydrates for High Producing Cows Michael F. Hutjens.....	8
Protein, Bypass Protein and the Fate of Nitrogen C. J. Sniffen	12
Rumen Function Enhancements: Ionophores, Buffers, Probiotics, etc. Larry R. Corah	14

GENERAL SESSION II

Bovine Vaccines: Which work best and what's new or coming? Kevin T. Schultz, Barbara A. Israel.....	20
Diagnosing Viral Infections: Beyond The Paired Sera James K. Collins	24
Bovine Abortion: The Case-Control Study as a Different Approach to Diagnosis H. Scott Hurd	31
Prevention of Infectious Diseases: A Herd Approach to Preventing Johne's Disease and Leukosis Michael A. Brunner	34

GENERAL SESSION III

Food Safety and the Food Animal Veterinarian: What You Need to Know William R. Van Dresser.....	40
A New Ethos and Ethics for the Year 2000 Lonnie J. King	42
The Dairy Industry at the Turn of the Century Andrew Novakovic, Kevin Jack	51
The Beef Industry in the 1990's Topper Thorpe	55

COW/CALF SESSION I

Reproductive Efficiency in Beef Cattle: Nutritional and Medical Considerations K. G. Odde, W. M. Snelling.....	58
---	----

Economics of Reproduction Efficiency in Beef Cow Herds Harlan Hughes	62
Cause and Prevention of Bovine Abortion Clyde A. Kirkbride	75

COW/CALF SESSION II

Replacement Heifer Development L. R. Corah	81
Replacement Heifers - The Economic and Financial Considerations Harlan Hughes	85

COW/CALF SESSION III

Cow/Calf Production Records: Justification, Gathering and Interpretation Mark F. Spire.....	93
Financial Performance of North Dakota's Beef Cow Enterprises - The Critical Success Factors Harlan Hughes	96

FEEDLOT SESSION I

Nutritional Management of the Sick Animal Larry T. Watson	104
Feed Additives and Animal Health Larry T. Watson	107
Nutrition and Management of Newly-Arrived Cattle Steve Armbruster	110

FEEDLOT SESSION II

Economic Analysis in Beef Feedlot Practice Timothy Jordan	115
Practical Uses of Decision Analysis: A Case Study on Feedlot Production Medicine Barrett D. Slenning	123

FEEDLOT SESSION III

Quality Assurance and Residue Avoidance: Monfort's Approach Bob Kerschen	133
---	-----

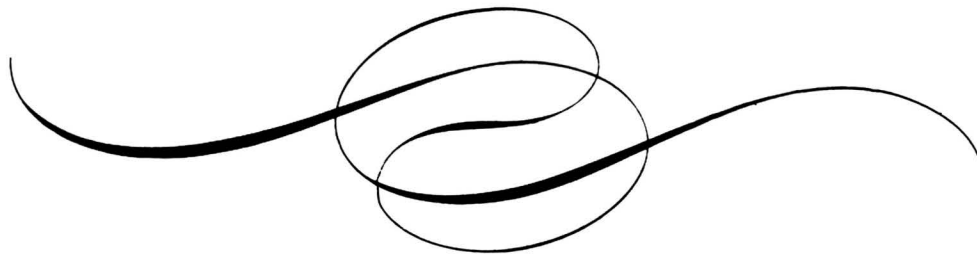

Quality Assurance & Residue Avoidance in Mid-west Feedlots Patrick L. Hutson	135
Animal Welfare, Animal Rights, Agriculture, and Veterinary Medicine: Changing Social Ethics and the Food Animal Practitioner Bernard E. Rollins	140

RESEARCH SUMMARIES

Risk of an Altered Interestrus Interval Following Clinical Mastitis in Dairy Cattle D. A. More, J. Cullor, R. H. Bondurant, W. M. Sischo.....	146
Incidence and Treatment of Abnormal Postpartum Ovarian Function in Dairy Cows L. F. Archbald, S. N. Norman, E. L. Bliss, T. Tran, S. Lyle, P. G. A. Thomas, A. C. Rathwell.....	146
Reported Use of Non-Steroidal Anti-Inflammatory Drugs in Food Animal Practice M. Kopcha, J. B. Kaneene, A. Ahl.....	147
N-Acetyl-B-D-Glucosaminidase as a Predictor of Milk Loss and Recovery Following Clinical Mastitis D. J. Wilson, P. C. Bartlett, R. W. Mellenberger, J. H. Kirk, E. C. Mather	147

Clinical Lameness in Dairy Cows in the Midwestern United States: A Preliminary Report S. J. Wells, A.M. Trent.....	148
Mastitis in the Beef Cow and Its Effects on Calf Weight Gain M. A. Newman, R. J. Eberhart, E. H. Cash, T. R. Drake.....	149
Production and Economic Effects of Johne's Disease in Dairy Cows L. J. Hutchinson, D. Galligan, R. H. Whitlock, P. A. Spencer, C. M. Burns	150
Relationship Between Starting and Ending Scrotal Circumference for Bulls in 140-Day Test-of-Gain Programs W. D. Whittier, M. J. Bowen, A. L. Eller	151
Software Lecture Presentations Jim Ehrlich	152
Use of Dry Period Intrammary Antibiotic Therapy and Other Forms of Mastitis Control in Dairy Cows: Survey Results William M. Sischo, Gay Y. Miller, Dale A. More, Lawrence E. Heider	154
XVI World Buiatrics Congress	157
