

TABLE OF CONTENTS

GENERAL SESSION I

The Future of Food Animal Practice Robert H. Dunlop	3
The Future of Food Animal Practice: An Introduction to the Symposium John Herrick	11
The Challenging Future of Food Animal Practice Edwin G. Robertson	12
How I See the Future of Food Animal Practice Bob Bohlender	14
A Midwestern Practitioner's View of What is in Store for Food Animal Practice Keith E. Sterner	16

REGULATORY SESSION

Maintaining the Integrity of the Accredited Veterinarian System Bert W. Hawkins	18
The Bovine Practitioner and the Licensing of Veterinary Biologics Bert W. Hawkins	22

SHORT TOPICS

Factors Involved in Adverse Reactions to Bovine Biologicals John A. Schnackel	24
Economics and Animal Welfare Considerations of Early Castration and Utilization of Ralgro® Implants John M. Bonner, Michael F. Cain	27

GENERAL SESSION II

A Practical Approach to Drug Dosage for the Practitioner: Introduction to the Use of Pharmacokinetics H. Dwight Mercer	33
Practical Antibiotic/Sulfonamide Residue Detection Charles N. Dobbins, Jr.	39

GENERAL SESSION III

<i>Ostertagia Ostertagi</i> : Clinical Condition, Recognition of Disease States, and Approaches to Control through Anthelmintics and Management J. C. Williams, K. S. Marbury, S. W. Scheide, D. G. Luther, J. W. Knox, M. D. Kimball, T. G. Snider III	42
Ostertagiosis in Missouri Beef Cattle— The Scenario from Calving to Feedlot Robert M. Corwin	54

Dairy Herd Parasitology: Current Practices and Future Possibilities Richard E. Bradley	56
Bovine Parasites of Particular Importance in the Northwest Richard B. Wescott	60

GENERAL SESSION IV

Paratuberculosis: Prevalence, Diagnosis, Prevention, and Treatment Richard S. Merkal	64
Persistent Infection of Cattle with BVD Virus: Recent Findings on Origin, Prevalence and Relationship to Disease Steve R. Bolin	67
Bovine Leukemia Virus Infections— A Continuing Cause for Concern M. J. Van Der Maaten, J. M. Miller	70

DAIRY SPLIT SESSION I

Normal Uterine Physiology and Involution William W. Thatcher, Louis A. Guilbault, Maarten Drost	75
Periparturient Events and Subsequent Fertility in Dairy Cows Leon D. Weaver	82
Therapy of Postpartum Uterine Infections Jerry D. Olson, Leslie Ball, Robert G. Mortimer ..	85
Prostaglandin Therapy and the Postpartum Cow Harry W. Momont, Bradley E. Sequin	89

COW/CALF FEEDLOT COMBINED SESSION

Preconditioning — History and Guidelines John Herrick	95
Pre-Weaning and Post-Weaning Nutrition Danny L. Williams, John H. Mahoney	98
Reconditioning: The Immunization Component Robert F. Kahrs	103
Preconditioning: Organization, Promoting and Marketing the Program Kurt Wohlgemuth	105

DAIRY SPLIT SESSION II

Effects of Premilking Udder Hygiene on Environmental Bacterial Contamination, Sediment and Iodine Residue in Milk David M. Galton	108
--	-----

Hygienic Practices Affecting Milk Quality and Mastitis on Larger Dairies
Robert B. Bushnell 115

Use of Individual Cow Somatic Cell Counts and Bulk Tank Samples to Monitor Herd Mastitis Status
William D. Hueston, Lawrence E. Heider 119

Economics of Lactation Therapy Based on High Somatic Cell Counts
H. N. Erb, M. P. McDermott, R. P. Natzke, F. Barnes-Pallesen, D. Bray 123

A Practitioner's Approach to Mastitis Microbiology — Acute and Subclinical
Douglas M. Vandamme 125

COMBINED COW/CALF FEEDLOT SESSION

Heifer Spaying — Kimberly Rupp Method
Bob Bohlender 133

Spaying Flank Method
William McElroy 136

Residue Avoidance or Veterinary Entrapment — What Do They Want?
Dee Griffin 139

Fescue Toxicity Syndrome
Duane Miksch, Garry Lacefield 142

Clinical Considerations of Bovine Coccidiosis
Paul G. Eness 144

SPLIT SESSION — FEEDLOT

Bovine Surgery: The Rumen Fistula for Treatment of Chronic Bloat
Bruce L. Hull 147

A BVD Wreck: A Practitioner's Approach to Epidemiology
Robert G. Stout 149

Dipping Vat Problems in the Feedlot
Dee Griffin 153

Feedlot Medicine/Vaccination of Incoming Cattle
Robert F. Kahrs 155

COW/CALF SPLIT SESSION

The Future of Computers in Practice
Jay R. Brown 157

Our Practical Experience with the Computer
J. D. Meller 159

Clinical Problems Associated with Starvation In Western Beef Herds
Marie S. Bulgin 163

PRACTICE TIPS

A Modified Technique for Vulvar Repair in the Bovine
Stan Held 170

Practitioner's Role in the Diagnosis of *Haemophilus Somnus*
Phil Geeding 171

Treatment of Sole Abscesses of Cattle in Missouri
Ross K. McPhail 173

Ten Tips in Running a Mixed Practice with Six Veterinarians and One Million Dollar Gross
Kenneth Fertig 173

Innovations in Ruminant Nutrition
Charles Olentine 175

Some Observations on Field Use of BVD Vaccines
Kurt Wohlgenuth 177

On the Farm Diagnostic Procedures for Specific Toxicants
Garvin Meerdink 179

RESEARCH SUMMARIES

Subclinical Coccidiosis Infection in Calves
James E. Fox 182

Suppression of Neutrophil Function in Bovine Respiratory Disease
James Roth 184

Potassium and Sodium for Dairy Cattle
David A. Ritchie 187

Campylobacter Fetus Bacterin
H. A. Draayer 189
