

Table of Contents

General Session

Results of the AABP Salary Survey	1
<i>Sarah A. Wagner</i>	
A partnership for success: Tips for retaining associates and tips on getting the most out of your first year in practice	2
<i>Amy Bartholomew</i>	

Beef Session

Caregiver impact on cattle health, performance and well-being	6
<i>Tom Noffsinger</i>	
Cow-calf vaccinations – when it comes to immunology what makes sense and what doesn't.....	8
<i>Chris Chase</i>	
Effective utilization of vaccination to protect against viral reproductive pathogens	19
<i>Paul H. Walz</i>	
Validation of genomic tools to improve production efficiency, health resilience and the carbon footprint of beef production	22
<i>John Basarab</i>	
Beef on dairy cattle – industry benefits and opportunities	31
<i>Nick Hardcastle</i>	
Cow-calf chute side data collection in the field and its role in cow-calf consultation.....	32
<i>J.D. Folsom</i>	
Bloodborne pathogens in beef herds – a Kansas practitioner’s perspective	35
<i>Nora Schrag</i>	
Prescription platform and autogenous vaccines – what are they and what is the difference?.....	40
<i>Chris Chase</i>	
Calf Care & Quality Assurance program – best management guidelines for the calf raising sector	44
<i>Julia Herman</i>	

Dairy Session

The evolution of dairy cattle welfare	46
<i>Nigel Cook</i>	
The evolution of the FARM Animal Care program: Trends, priority issues and opportunities for veterinarians.....	49
<i>Steven Roche</i>	
The evolution of lameness on North American dairies: Addressing current industry challenges and exploring new and existing approaches to reduce lameness.....	54
<i>Elise Shepley</i>	
The evolution of down cow management	60
<i>Charlotte Winder</i>	
Changing industries and shifting gears.....	64
<i>Carie M. Telgen</i>	
The evolution of calf nutrition	66
<i>James Drackley</i>	
The evolution of sensor-based technologies in dairy production	70
<i>Stephen LeBlanc</i>	

Leading from the bottom up: Improving leadership on your farms and in your practice	75
<i>Tera Rooney Barnhardt</i>	
Building consulting into dairy practice.....	76
<i>Bob Ceglowski</i>	
Organizing milk harvest: A producer perspective on infrastructure and human resources	77
<i>William J. Wavrin</i>	
Future vet: Current trends in demand for veterinary services on dairy farms	79
<i>William J. Wavrin</i>	

Joint Beef and Dairy Session

Beef’s intersection with ESG Metrics.....	81
<i>Sara Place</i>	
The veterinarian’s role in reducing GHG emissions from beef and dairy production.....	84
<i>Colin M. Beal</i>	
Beef on dairy: A case study of sustainable animal protein production	93
<i>Juan F. Moreno</i>	

Clinical Skills Session

Hoof trimming: The steps to success.....	95
<i>Gerard Cramer</i>	
On-farm calf assessment and practical fluid therapy.....	98
<i>Andrea S. Lear</i>	
The do’s and don’ts of bovine euthanasia.....	100
<i>John Gilliam</i>	
Practical pain mitigation for castration – effective and efficient relief	106
<i>Maddison Tyrrel</i>	
Utilizing ropes to good effect in practice settings	108
<i>Keith E. Sterner</i>	
Heifer spay: A practical approach.....	110
<i>Michael Steine</i>	
FLASC – Fast Localized Abdominal Scan in Cattle.....	111
<i>Lisa A. Willis</i>	
Bovine superovulation and embryo transfer – how to make babies!	115
<i>Joel M. Anderson</i>	
To the point – the basics of bovine acupuncture	118
<i>Aurora Villarroel</i>	
It’s all in your head: Goat disbudding for newbies	121
<i>Michelle Buckley</i>	
How to take the edge off: Anesthetics for bovine practice.....	124
<i>Michael D. Kleinhenz</i>	

Practice Management Session

Cultural competencies in the workplace – how to recruit and retain a diverse workforce	127
<i>Maurice Cottman</i>	
Creating an onboarding plan for the elusive new associate.....	129
<i>Shannon Witt</i>	
The true cost of losing employees and how to avoid them	132
<i>Michael R. Dicks</i>	

Recognizing mental health challenges in practice and what to do next.....	134
<i>Josh Tanguay</i>	
Clear your plate. What practice owners can outsource	135
<i>Christine Staten</i>	
HR bootcamp – building your dream team	136
<i>Christine Staten</i>	

Students/Recent Graduate Session

Evaluating the finances of a job offer	137
<i>Jorge L. Colón</i>	
Marketing yourself as a new grad: ePortfolios, cover letters and CV/resumé	141
<i>Jorge L. Colón</i>	
Basic dairy and beef nutrition principles for the new graduate	145
<i>Alexander Navarro</i>	
Practical pharmacology for the new graduate.....	148
<i>Sarah Wagner</i>	
How to get the most out of your externship	150
<i>Pippa Gibbons</i>	
A toolbox for transitioning from student to veterinarian: Setting yourself up for success and reframing failure in your first year of practice.....	152
<i>Dayna Locitzer</i>	
Physical and mental preparedness for large animal practice	157
<i>Emily zur Linden</i>	

AASRP Small Ruminant Session

A guide to antimicrobial options for common small ruminant diseases.....	161
<i>Michelle Buckley, Patrick Gorden</i>	
Creating a productive relationship with small-scale farmers.....	164
<i>Michelle Buckley</i>	
Practical small ruminant nutrition: Applied nutrition for veterinarians	167
<i>Andrea Mongini</i>	
A new old parasite – liver fluke	171
<i>Adriano Vatta</i>	
Uterine parasites: A clinician’s guide to pregnancy toxemia.....	175
<i>Andrea S. Lear</i>	
A Beginner’s Guide to LAP AI.....	177
<i>Clare M. Scully</i>	
Small ruminant quality assurance (SRQA) – considerations and practices.....	179
<i>Michael Pesato</i>	
A practical approach to neurologic disease in small ruminants.....	183
<i>Meredyth Jones Cook</i>	

Research Summaries

Side of chute does not affect the sensitivity of <i>Tritrichomonas foetus</i> sample collection in bulls when using dominant hand for collection	186
<i>J. Koziol</i>	
Determination for the need for analgesics in day old calves following caustic paste disbudding.....	187
<i>P. J. Gorden</i>	

Effects of treatment with propylene glycol and cyanocobalamin on disease, milk production and reproductive outcomes of dairy cows diagnosed with hyperketonemia and hypoglycemia	188
<i>A. Hubner</i>	
Prevalence and risk factors for <i>Anaplasma marginale</i> seropositivity in cattle in California	189
<i>S. Chen</i>	
Determining frequency of common pulmonary gross and histopathological findings in feedyard fatalities	190
<i>P. Schmidt</i>	
Characterizing the influence of various antimicrobials used for metaphylaxis against bovine respiratory disease on host transcriptome responses	191
<i>R. Bigelow</i>	
Bovine respiratory disease (BRD) in post-weaning calves with different prevention strategies and the impact on performance and health status	192
<i>M. Ferreira</i>	
Transcriptome assessment of healthy high-risk stocker cattle defines mechanisms of inflammatory regulation induced by tulathromycin metaphylaxis.....	193
<i>B. Ramirez</i>	
Association of liver abscess with demographic factors, comorbidities and gastrointestinal histologic lesions in feedlot mortalities	194
<i>R. Brown</i>	
Are there opportunities to strengthen animal welfare through improved management of feedlot chronic pens?	195
<i>E. Sundman</i>	
Barriers to recording calf health data on dairy farms in Ontario, Canada.....	196
<i>K. Edwards</i>	
Comparison of <i>Salmonella</i> Dublin SRP vaccination programs on the development of immunity in calves	197
<i>C. Sacquitne</i>	
Comparison of bolt penetration depth by low-cost penetrating captive-bolt devices used for cattle euthanasia on the farm	198
<i>S. Frazer</i>	
Predicting calcium status in early lactation multiparous Holsteins using milk constituent analysis	199
<i>J. Seminara</i>	
Association between rumination behavior, hyperketonemia and milk production in early lactation	200
<i>C. Florentino</i>	
Tradeoffs between herd turnover rate and milk production for marginal cash flow and enteric methane intensity	201
<i>D. Nydam</i>	
Relationship between actual vs. targeted weight at first calving and milk production in first and second lactation	202
<i>M. Overton</i>	
Associations between bovine leukemia virus status and fertility in Kansas beef herds: A cross-sectional study.....	203
<i>R. Larson</i>	
Immune response and protection of neonatal, colostrum-fed calves with modified live, intranasal, tri-valent vaccine using an experimental challenge with virulent bovine respiratory syncytial virus	204
<i>B. Meyer</i>	
A 2 × 2 factorial randomized controlled trial of a commercial <i>M. bovis</i> (CMB) vaccine and a conditionally licensed <i>M. bovoculi</i> vaccine (CLMB) to prevent IBK.....	205
<i>C. Clark</i>	

Leukocyte dynamics in vaccinated and unvaccinated animals following dual challenge with Bovine Viral Diarrhea Virus- <i>Mannheimia haemolytica</i> model to compare vaccine efficacy in calves	206
<i>S. Perkins-Oines</i>	
Digital dermatitis affects locomotion and gait traits of beef cattle in feedlots	208
<i>Anice Thomas</i>	
Retrospective evaluation of the causes and distribution of lameness in beef and dairy cattle evaluated by ambulatory and in-house clinical services at a North American veterinary teaching hospital	209
<i>Lindsey L. Fenster</i>	
Descriptive evaluation of a camera-based dairy cattle lameness detection technology	210
<i>D. Swartz</i>	
The effect of a first occurrence of digital dermatitis in early lactation on risk of culling and time-to-pregnancy in lactating dairy cows	211
<i>E. Shepley</i>	
Predicting dyscalcemia at 4 days in milk using activity and rumination data in multiparous Holstein cows	212
<i>C. Seely</i>	
Using infrared thermography to detect teat tissue changes after machine milking in dairy cows.....	213
<i>L. Harper</i>	
Effects of bovine casein hydrolysate as a dry cow therapy on prevention and cure of bovine intramammary infection, milk production and somatic cell count in the subsequent lactation	214
<i>J. Iscovich</i>	
Integrated transcriptome and multi-tissue mineral analyses of healthy stocker cattle fed complexed or inorganic trace mineral supplement	215
<i>M. Scott</i>	
Trace mineral testing in Ontario cow-calf operations	216
<i>J. Gordon</i>	
Effects of injectable trace minerals on the inflammatory cytokines' response to vaccination in dairy calves.....	217
<i>A. Megahed</i>	
The effects of a non-steroidal anti-inflammatory drug on behavior and physiological parameters of beef cows and calves assisted at calving	218
<i>C. Lucio Rodriguez</i>	
Cow and calf-level factors associated with nursing behaviours in beef cattle during the 24-hours following an assisted calving	219
<i>K. McLellan</i>	
Machine-learning models evaluate embryo morphokinetics to detect subclinical signs of heat stress in embryos produced by multiple ovulation embryo transfer	220
<i>C. Hayden</i>	
Analysis of short videos of bovine embryos can detect presence of cryodamage	221
<i>R. Killingsworth</i>	
Evaluation of a needle-free injection system for administration of cloprostenol for luteolysis in lactating dairy cows	222
<i>A. Leslie</i>	
Use of image processing techniques can indicate bovine embryo stress and response to temperature changes in real-time	223
<i>C. Wells</i>	
Multi-drug resistant <i>Salmonella</i> Dublin cultured from cryopreserved Holstein semen	224
<i>Chelsea Holschbach</i>	
Reproductive performance of Jersey heifers submitted for first insemination based on age vs. body weight – a randomized controlled trial.....	225
<i>R. Couto Serrenho</i>	

Toward a better understanding of upper respiratory tract bacterial colonization in neonatal beef calves.....	226
C. Sowers	
Effect of metaphylaxis on the temporal dynamics of <i>Mannheimia haemolytica</i> , <i>Mycoplasma bovis</i> , <i>Histophilus somni</i> and <i>Pasteurella multocida</i> in the upper respiratory tract of low-risk cattle.....	227
M. McClurg	
Evaluation of the treatment efficacy of generic enrofloxacin compared to pioneer for first treatment of naturally occurring bovine respiratory disease in a commercial feedlot	228
M. Theurer	
Effects of respiratory disease control using generic vs. pioneer tulathromycin in high-risk cattle on health, performance and carcass characteristics.....	229
S. Terrell	
An epidemiological investigation into <i>Mycoplasma bovis</i> infection in U.S. bison (<i>Bison bison</i>): A case-control survey.....	230
K. Martin	
Frequency of concurrent lesions in feedlot mortalities at necropsy.....	231
M. Mancke	
Association between heart measurements and the prevalence of heart lesions at necropsy in feedlot cattle.....	232
K. Long	
Factors associated with lactation in non-pregnant feedlot heifer mortalities	233
L. Carpenter	
Epidemiological factors associated with gross diagnosis of lung pathologies in feedlot mortalities	234
E. Bortoluzzi	
The impact of commingling preconditioned calves on mortality, morbidity and performance in a feedlot	235
S. Mijar	
Predictive genome-wide association and economic analyses of pooled DNA in a commercial feedlot setting	236
H. Prosser	
Validation of a poll shot captive bolt as a single step method of euthanasia of cattle.....	237
R. Dewell	
Does a liposomal bupivacaine suspension (Nocita®) provide extended pain mitigation when disbudding dairy calves?	238
R. Parsons	
Bayesian estimation of sensitivity and specificity of IgG and serum total protein cut-off values for the diagnosis of failed transfer of passive immunity in neonatal beef calves.....	239
A. Thompson	
Sociality in pre- and post-wean beef calves.....	240
R. Parsons	
Agreement of antimicrobial susceptibility testing of <i>Pasteurella multocida</i> and <i>Mannheimia haemolytica</i> found in pre-weaned dairy calves with bovine respiratory disease	241
B. Credille	
Comparison of two methods for collecting antimicrobial usage in large dairy farms in Ohio and California.....	242
R. Portillo-Gonzalez	
Hematologic and biochemical changes in caprine whole blood stored in CPDA-1 for 28 days	243
H. Neill	
<i>Mycoplasma ovipneumoniae</i> in farmed white-tailed deer	244
E. Elsmo	

Antimicrobial resistance and mastitis classification of pathogens in small ruminant mastitis.....	245
<i>K. Choo</i>	
Comparison of firocoxib and meloxicam for pain mitigation in goats undergoing surgical castration	246
<i>M. Weeder</i>	
Pharmacokinetics of oral phenazopyridine in goats with obstructive urolithiasis	247
<i>S. Mitman</i>	
Pharmacokinetics of two dry-cow intramammary antimicrobials in dairy goats	248
<i>M. Buckley</i>	
Milk residue depletion of two dry-cow intramammary antimicrobials in dairy goats.....	249
<i>M. Buckley</i>	
2023 Annual Business Meeting Minutes	250
2023 56 th AABP Annual Conference News and Information	251
