During the Opening Ceremonies at the 2012 AABP meeting in Montreal, Quebec, nine outstanding third year veterinary students were each awarded \$7,500 Amstutz Scholarships from the Amstutz Scholarship Fund. These students were selected by the AABP–Amstutz Scholarship Committee from 53 exceptional applicants from 29 different North American Veterinary Schools. This brings the total number of scholarships awarded to 241 for a total of over \$550,000 since started in 1996. The sources of funds for these awards are individual AABP member contributions and a generous contribution of \$30,000 from the Eli Lilly Foundation through Elanco Animal Health. In addition, the Amstutz Committee held silent and live auctions during this year's meeting, which raised an additional \$27,500 for the scholarship fund. The Amstutz Scholarship Committee would like to thank everyone for their generous support of this important and worthwhile program.
