

The Bovine PRACTITIONER

THE OFFICIAL PUBLICATION OF THE
AMERICAN ASSOCIATION OF BOVINE PRACTITIONERS

NO. 25
SEPTEMBER, 1990

23rd ANNUAL CONFERENCE

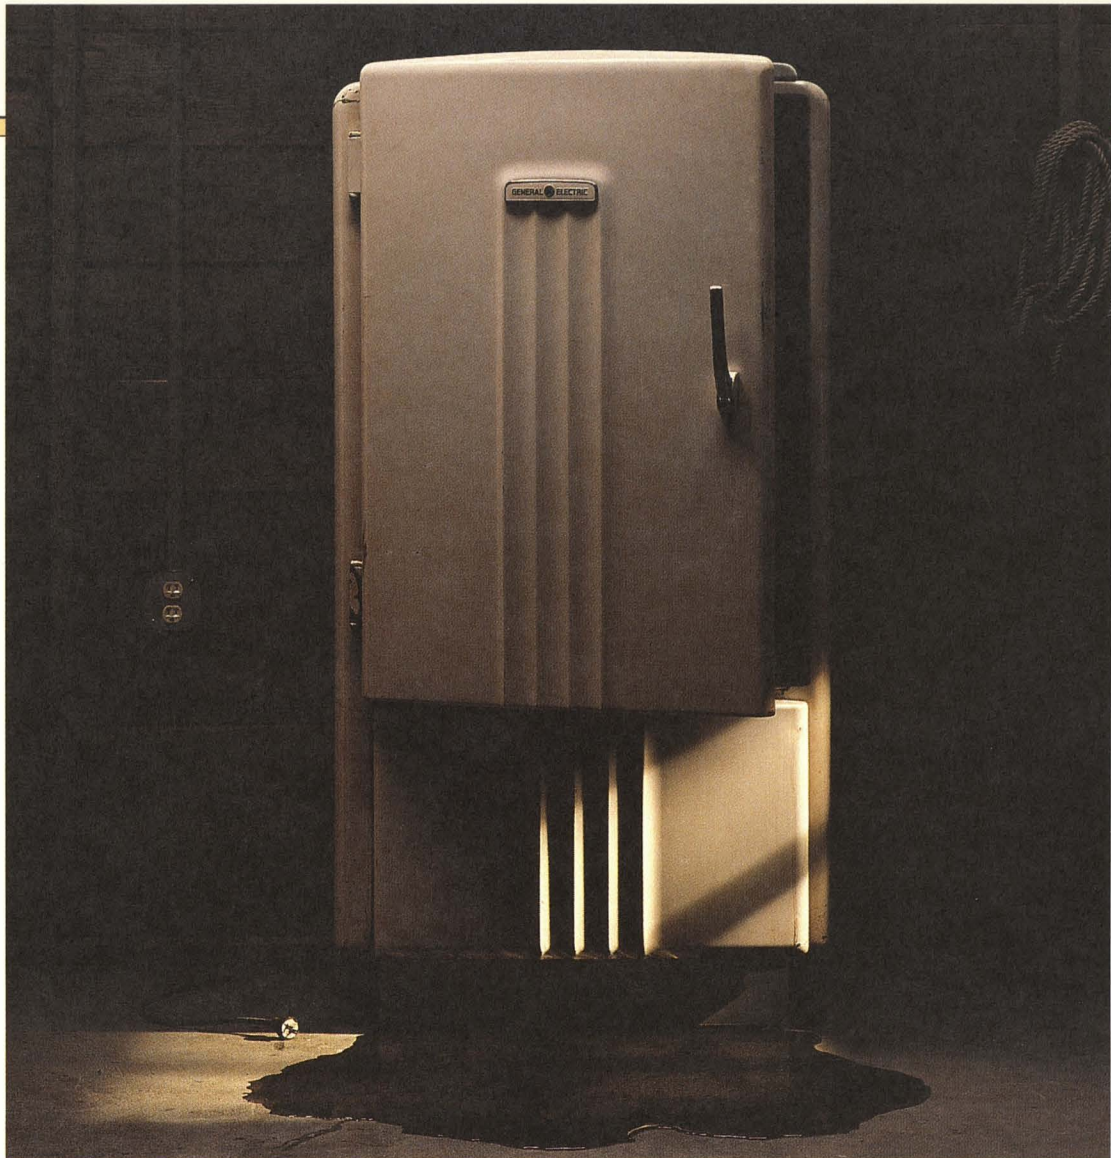

American Association of Bovine Practitioners

September 13-16, 1990

Indianapolis, Indiana

© Copyright American Association of Bovine Practitioners; open access distribution

We raised the quality of calf scours protection a few degrees.

Now you don't have to reach into a cooler to get effective calf scours protection.

Just reach for new Pro-Immune™ 99.

'Pro-Immune 99' is an *E. coli* scours preventive requiring no refrigeration. Label directions state that 'Pro-Immune 99' can be stored at room temperature (72°F or less) for at least 18 months.

In other words, you can keep it, and take it, almost anywhere.

'Pro-Immune 99' is also effective. Developed with natural milk protein, it has one of the highest levels of K-99-specific antibodies of any oral *E. coli* product available. And like all SmithKline Beecham

vaccines, 'Pro-Immune 99' is licensed by the USDA.

It's easy to use, too. Just squeeze the Dual-Delivery™ package, to break the seal between the active concentrate and liquid solution compartments. Then shake thoroughly, tear off the top of the pouch and squirt 'Pro-Immune 99' into the calf's mouth.

In short, 'Pro-Immune 99' is the best reason yet to have a calf scours prevention program. Ask your veterinarian now for more information.

PRO-IMMUNE™ 99

THE BOVINE PRACTITIONER is published by the American Association of Bovine Practitioners, Inc. at Frontier Printers, 205 W. 9th, Stillwater, OK 74074 (phone 405-372-8500). Over 7000 copies are mailed to veterinarians engaged in cattle practice and allied institutions. Send new address (please include old address) to:

Dr. Harold Amstutz, Exec. Vice President, AABP, Box 2319, W. Lafayette, Indiana 47906.

Editorial Board

At the Annual General Meeting on Dec. 10, 1976, AABP members approved the appointment of an editorial board for this journal. Members of the board are Dr. Leland Allenstein, Dr. Harold E. Amstutz, and the editor, Dr. Eric I. Williams. The journal is thus an official, refereed publication.

By agreement between the Board of Directors, American Association of Bovine Practitioners and the World Association of Buiatrics, this journal will serve as a communication medium between Bovine Practitioners Associations across the world. Papers related to bovine practice will be accepted from overseas correspondents. Notices and brief reports of national conventions on cattle disease will be accepted for publication. All communications must be presented in English and sent to the editor BEFORE JULY 1.

Copies of the Bovine Practitioner are available to non-members for \$20.00 per copy, surface mail, or \$25.00 airmail (overseas).
