**Orlando, Florida**  
**September 18-21, 1991**

**PARTNERS**  
*Producers and Veterinarians*

**What does a producer need most,  
a friend or a Partner?**

Only a veterinarian is uniquely qualified to be both. So that's the PARTNERS '91 message Haver is directing to your clients this fall.

For the seventh consecutive year, we are dedicating the majority of our large animal biological and pharmaceutical marketing budgets to remind producers that their veterinarian is absolutely essential to a profitable livestock operation.

**Gifts for you, gifts for your clients.**

As we've done in the past, we have valuable gifts for every producer who consults

with you and uses a qualifying amount of Haver products. And when you take the time to talk to your Haver sales representative about this exciting program, we'll also have gifts for you and your staff.

Now, more than ever before, it just makes good sense for producers and veterinarians to be both Partners *and* friends.
